**RULES AND REGULATIONS
for
BELLA SERA COMMUNITY ASSOCIATION**

Preamble

The following are the Rules and Regulations for Bella Sera Condominiums promulgated by the Board of Directors (the "**Board**") of the Bella Sera Community Association, Inc. (the "**Community Association**"), which Rules and Regulations are supplemental and subject to one certain Declaration of Covenants, Conditions, Restrictions and Dedication, and of Condominium Ownership for Bella Sera Condominiums recorded in the Office of the Register of Deeds of Douglas County, Kansas (the "**Declaration**"), and of the Bylaws of the Association (the "**Bylaws**").

The Board at any time may amend, modify, add, replace or remove one or more of the Rules and Regulations to facilitate management or operations or to provide for new situations.

These Rules and Regulations are meant to provide further clarity around the uses and operations of the Community Association and are guided by three principles: (i) security, safety and public health, (ii) maintaining the peace among Owners and lessees, and (iii) maintaining property value for Owners.

As more fully set forth in the Declaration, by accepting a deed to, or taking possession of, a Unit in Bella Sera Condominiums, an Owner or lessee recognizes that the benefits of living at the Bella Sera Condominiums includes sharing a set of amenities that would not otherwise be available in a private single-family dwelling and interacting with the Bella Sera residents.

As such, an Owner or lessee/tenant agrees to be bound by the terms and provisions of these Rules and Regulations, as may be amended, modified, added to or replaced. Moreover, these Rules and Regulations shall apply to the Owner's family, guests, visitors, employees, agents, licensees, or lessees/tenants, when they are in or on the Condominium Property.

All capitalized terms not defined in these Rules and Regulations shall have the definition ascribed to them in the Declaration. If there shall be any conflict between the terms of these Rules and Regulations and the Declaration, the terms of the Declaration shall control.

1. Owners' Responsibilities and Liabilities

- 1.1 Owners are responsible and liable for the actions and behaviors of all of their family members, guests, visitors, employees, licensees, agents and lessees/tenants who are in or on the Condominium Property. In addition, Owners are responsible and liable for the actions and behaviors of anyone to whom the Owner has given a key, an access code and/or a fob (i.e., to doors or gates/garage).
- 1.2 Any Owner leasing a Unit is required to obtain a signed Lease Addendum from the lessee/tenant. The Lease Addendum document is available on the Bella Sera website under Legal Documents.
- 1.3 Owners are to report to the On-site Manager any accident in or damage to the Common Area the Owner may have caused. Depending on the extent of the accident or damage, the Owner is responsible for cleaning the affected area and/or the costs of having the affected area professionally cleaned, repaired or replaced. Such costs will be charged to the Owner's HOA dues invoice.
- 1.4 All Owners shall comply with all statutes, ordinances, and requirements of all municipal, state, and federal authorities now in force, or which may hereafter be in force, pertaining to the use of the Condominium Property.
- 1.5 No Owner shall permit anything to be done, or kept on or in his Unit, patio, deck or in the Common Areas, which will result in the cancellation of insurance on the Building, or contents thereof, or cause a significant increase in premiums for such insurance or which would be in violation of any law.
- 1.6 The Board requires all Owners and lessees/tenants to provide proof of insurance (certificate) for the Units owned or leased as per the requirements identified in the Declaration and in the Lease Addendum. *Initial key fobs and disks are issued on receipt of the insurance certificate to the On-site Manager.* The proof of insurance (certificate) must be submitted annually to the On-site Manager.
- 1.7 Owners are highly encouraged to purchase individual Loss Assessment Insurance Coverage that covers an owner's share of an HOA deductible when there is a special assessment related to a common area loss, including from wind and hail damage. Coverage, even availability of coverage, varies according to the issuing company. Additionally, separate limits and deductibles may apply. Loss Assessment Insurance may cover other HOA common area casualty losses, but all owners need to review their policies and policy definitions to know the type and extent of coverage they may have. Please consult with your agent regarding your deductible and coverage limits, including wind and hail, for the Loss Assessment insurance.

- 1.8 Electrical equipment of any kind or nature installed or used in each Unit shall fully comply with all rules, regulations, requirements, or recommendations of the underwriters of any insurance carried by the Community Association and the public authorities having jurisdiction over the Condominium Property.
- 1.9 The Owner will be liable for any damage or injury caused by any electrical equipment in their Unit.
- 1.10 Tank hot water heaters must be replaced at least every nine (9) years. Independent of the Bella Sera Community Association property management company, each Owner is responsible for knowing the age of the Unit's hot water heater and when it needs to be replaced, arranging for its replacement, and complying with any code-required devices associated with the tank hot water heater. In addition, each Owner is expected to arrange for the installation of a water leak detector that is plumber-recommended (hard-wired or WiFi) and alerts or directly notifies the Owner of the presence of excess water near the water source(s), which could result in damage to the Unit and/or other Units. Placement of the device is at the recommendation of the contractor installing the device(s). All costs associated with the above stated Owner responsibilities are at the Owner's expense. Owners may be liable for any water damage sustained to their individual units and/or any other unit(s) affected.
- 1.11 Independent of the Bella Sera Community Association property management company, each Owner is responsible for all aspects of maintaining a Unit's heating and air conditioning (HVAC) systems, including scheduling semi-annual preventive maintenance. Preventive maintenance of HVAC systems should include inspecting, draining, and cleaning the air conditioner condensate drain line and inspecting and cleaning the AC coil, as necessary. In addition, each Owner is expected to arrange for the installation of a water leak detector that is plumber-recommended (hard-wired or WiFi) and alerts or directly notifies the Owner of the presence of excess water near the water source(s), which could result in damage to the Unit and/or other Units. Placement of the device(s) is at the recommendation of the contractor installing the device(s), being cognizant of a potentially unlevel utility room floor and that water overflows may not drain toward the utility room floor drain. All costs associated with the above stated Owner responsibilities are at the Owner's expense. Owners may be liable for any water damage sustained to their individual Units and/or any other Unit(s) affected.
- 1.12 The use of Reverse Osmosis products is not allowed at any location at Bella Sera. Damage to pipes occurs where the water from Reverse Osmosis eventually comes in contact with cast iron pipes.
- 1.13 In the event a roof-located AC condenser needs to be replaced, the Owner is to immediately contact Management so that protective actions for the roof can be taken by

Management. Before any replacement work can be undertaken by the service provider, Management will take a pre-vendor service video of the involved area; lay plywood in the involved area; and take a post-vendor service video once the replacement work is complete. Owners are responsible for any roof damage evident in the comparative pre-post vendor service videos.

- 1.14 As per the Declaration, in the event of damage to the inside of an Owner's Unit, regardless of the extent and origin of the damage, the Owner of the damaged Unit is responsible for damage repairs and may file an Individual insurance claim on his/her personal insurance.
- 1.15 As per the Declaration, windows are the exception to the exterior maintenance provided by the Association. Repair, replacement, and cleaning of the windows are the responsibilities of the Owner.
- 1.16 *Any individual who voluntarily is engaged to provide work on the Bella Sera Common Area must be at least 18 years of age. Prior to any work conducted, the Owner engaging the volunteer must provide the On-site Manager with the volunteer's signed and completed BSCA Liability Release and Waiver form or verify that the form is on file in the HOA office. A volunteer cannot be paid for completed work, although donations can be paid to an organization of the volunteer's choice. Only Owners who voluntarily engage in Bella Sera projects are exempt from signing a BSCA Liability Release and Waiver form. Also see Appendix A9.*
- 1.17 *Any commercial contractor hired to provide work on the Bella Sera Common Area or in the modification/construction work of a Unit (residential or office) is required to have a Liability Insurance Certificate. Prior to any work conducted, the Owner hiring the contractor must provide the On-site Manager with the contractor's Liability Insurance Certificate or verify that the Certificate is on file in the HOA office. Also refer to Rule and Regulations Section 22. Modifications of Units; Section 23. Using Contractors for Work in Units; and Appendix A9.*
- 1.18 The Board or the On-site Manager as authorized by the Board shall retain the right to issue written warnings, assess fines or enforce other sanctions against an Owner for any violation of these Rules and Regulations by an Owner or an Owner's family members, guests, visitors, employees, licensees, agents and lessees/tenants.
- 1.19 The Board or On-site Manager as authorized by the Board has the authority to prohibit an individual or individuals from continued use of the amenities when a single behavior or repeated behaviors demonstrate a blatant disregard for the Rules and Regulations and/or the safety of others on Bella Sera property.
- 1.20 Owners have the right to appeal sanctions against the Owner for violation of any rules and regulations promulgated by the Community Association in accordance with the processes identified in the Declaration.

1.21 Complaints, concerns and questions regarding the Management or maintenance of the Condominium Property, or regarding actions of other Owners, shall be made by e-mail (Bellaseramanager@gmail.com) or written note/letter to the On-site Manager or Board. **All complaints must be submitted by email or in written format.**

2. Access to Rules and Regulations

- 2.1 The Board shall be responsible for ensuring that the latest set of Rules and Regulations is dated and circulated to current Owners.
- 2.2 For the convenience of Owners, the Board shall place the most recent version of the Rules and Regulations on the Community Association's website.
- 2.3 Copies of the current version of the Rules and Regulations will be kept at the reception desk, in the Library, in the Mail Room, and in each Guest Suite.
- 2.4 Each Owner who leases a Unit, or who has guests in such Owner's unit shall make available a copy of these Rules and Regulations to their lessees/tenants or guests, as may be amended from time to time, and ensure that such persons abide by these Rules.

3. Entry into the Units

- 3.1 As provided in the Declaration, the Board and/or the On-site Manager (or designee) shall have the right to enter into any Unit from time to time during reasonable hours, with at least twenty-four (24) hours written notice. If notices are sent out more than 30 days in advance, reminders shall be sent.
- 3.2 In the case of emergencies, entry may be made without advance or written notice for the purpose of performing the powers and duties of the Community Association as described in the Declaration, and/or the Bylaws, including, without limitation, maintenance, repair or replacement of any of the Common Areas in such Units or accessible from such Units. Whenever entry is made into a Unit, a written notice shall be provided to the Owner or lessee/tenant that such entry was made, accompanied by the reason for such entry and whether the issue was fully addressed.
- 3.3 When an Owner or lessee/tenant is not present and a service provider requires access to the Unit for a purpose authorized by the Board or On-site Manager, the service provider shall be accompanied at all times when *within a Unit* by a member of the Board, the On-site Manager (or designee), or another Owner designated by the Unit Owner or lessee/tenant. An Owner may submit to the On-site Manager a completed *Permission to*

Enter Form that gives the service provider permission to access the Owner's Unit unaccompanied for a specific task. This form is available from the On-site Manager.

- 3.4 In special situations where a Unit Owner has scheduled service by a contractor or vendor, the Owner must complete and submit the *Permission to Enter Form* (available from On-site Manager) before providing a fob and/or key to any contractor. Since these situations may not be recurring on a regular basis, the form should be completed for each occurrence, at the discretion of the On-site Manager. Refer to Appendix B for information regarding real estate agent services.
- 3.5 If the lock to a Unit is changed, the handle/lever set or deadbolt may not be changed. Only the cylinder settings for the key may be changed. The new key must remain on the "master system" and rekeying must be performed by Rueschhoff Locksmith. An Owner is required to provide the On-site Manager with a copy of the new key(s) that will be securely stored and used in the case of emergencies. If Management does not have access to a Unit using a provided key, forcible access will be achieved at the Owner's expense in the event of an emergency.
- 3.6 If a new deadbolt is added to a Unit, it must match the Corbin handle/lever set, be supplied and installed by Rueschhoff Locksmith, and the lock and new key must remain on the "master system." An Owner is required to provide the On-Site Manager with a copy of the new key(s) that will be securely stored and used in the case of emergencies. If Management does not have access to a Unit using a provided key, forcible access will be achieved at the Owner's expense in the event of an emergency.

Any items placed in such areas without the Board's prior written consent, may be removed and disposed of *as arranged* by the Board at Owner's expense. Where the Owner is identifiable, the Board shall first request that the Owner of such item remove or dispose of the item. If the Owner is not

identifiable, the item will be disposed of *as arranged by the Board*.

- 4.4 Individuals may make monetary donations toward Bella Sera improvements or projects by sending the amount *payable to the BSCA to the HOA Manager* and designating the amount **toward a specific budget line**. *All Common Area improvements or projects must be 1) identified in an approved budget OR 2) approved by the Board.*

Because of liability concerns, the East Lawn may not be used by Owners, lessees, tenants or guests for event parking.

A1. Reservation and Use of Building Amenities

- A1.1 The amenities are for the enjoyment and use of Resident Unit Owners (Residential and Office) and lessees. Reservations may only be made for events hosted by a Resident Unit Owner or Residential Unit Lessee. Unit Owners are ultimately responsible for the actions and behaviors of any guests using the building facilities/amenities. Compliance with these rules protects all Owners, their property, and the property of the Community Association.
- A1.2 In the case a Residential Unit is leased, the lessee is entitled to use the building facilities/amenities in lieu of use by the Residential Unit Owner.
- A1.3. The On-site Manager is responsible for overseeing the reservation process for amenities including but not limited to obtaining a completed reservation form, inspecting reserved spaces before and after reservations, making arrangements for supplementary cleaning, and invoicing and collecting payment for supplementary cleaning and/or damage fees.
- A1.4 The Reservation Form will require specifying how safety, security and resident well-being will be maintained during an event. This would include, but not limited to, regulating access to the building, moderating inappropriate behavior, and controlling noise levels.
- A1.5. It is the responsibility of the Resident Unit Owner (Residential and Office) or Residential Unit Lessee to supervise any events they host, to follow the Rules and Regulations, to appropriately clean up following the event, and the venue returned to its original condition. APPENDIX B

Sale of Unit and Moving In/Out

B1. Sale of Unit

- B1.1 Whenever an Owner intends to sell a Unit (residential or office), either by Owner or by engaging the services of a real estate broker/agent, the Owner must give the Board written notification of the intent to sell. If a real estate broker/agent is engaged, the Board is notified once a listing agreement is signed. When the Owner determines that the sale is “by Owner,” the Board will be notified of the intent to sell.
- B1.2 If at any point the intended sale of an office involves a potential buyer who is not an Owner of a Residential Unit, the process identified in the Fourth Amendment to the Declaration, Exhibit C Right of First Refusal must be followed.
- B1.3 Potential buyers must be escorted by the listing agents at all times.
- B1.4 If an open house is planned for the sale of a specific unit, the Owner must notify the On-site Manager in writing and in advance of the open house giving the proposed dates and times of the open house.
- B1.5 A sign advertising an “Open House” may be posted on the property but only on the day of the open house and must be removed immediately after the event. Also refer to Section 17 of these Rules and Regulations regarding the use of signs.
- B1.6 The Unit Owner notifies the On-Site Manager when the sale is complete or the Unit is taken off the market.

B2. Move-In and Move-Out

- B2.1 Unit Owners MUST contact the On-site Manager in writing (letter/note) or e-mail (Bellaseramanager@gmail.com) at least one week prior to the scheduled move-in or move-out so that property-protective actions can be taken. Such actions may include notifying Owners (where appropriate), padding and reserving elevators, installing floor or carpet adhesive covering (see B2.2), ensuring that the Owner provides appropriate and timely cleaning and disposal of trash and debris and limiting disruption or disturbance to other Owners.

- B2.2 The Owner is responsible for purchasing and installing the Management-approved and provided adhesive floor covering for the elevator carpeting and the hall pathway to the Owner's Unit if there is any chance that the elevator and/or hallway carpets can be damaged, stained or soiled caused by moving items from or into a Unit. The Owner is responsible for any cost associated with the repair and/or cleaning of carpet that has been damaged, stained or soiled in the process. Contact the On-site Manager in writing (letter/note) or e-mail (Bellaseramanager@gmail.com) for information about obtaining the provided, Management-approved adhesive covering and its installation instructions.
- B2.3 Move-ins and move-outs shall be scheduled, if possible, between 9 a.m. and 5 p.m. Monday – Friday.
- B2.4 Moves must be completed through the garage to protect the front doors, the granite flooring on the first floor, and the lobby/living room areas (see Rules and Regulations, Section 24).
- B2.5 Moving truck parking is located on the driveway, east of the building, and immediately in front of the dumpster and garage door. Please take care to make certain that other owners can enter and exit the garage. Also refer to Rules and Regulations, Section 18.
- B2.6 *Vehicles and moving trucks used by or for Bella Sera Owners or lessees may not temporarily use or park on the East Lawn without the resident obtaining prior permission from the On-site Manager. Also see Section 18. Parking Garage, Parking Areas, and Driveways for more information.*
- B2.7 New residents must register pets (if any) in advance of or on the move-in day. Obtain the registration form from the On-site Manager and return the completed form to the On-site Manager. See Rules and Regulations, Section 16 for additional rules and regulations pertaining to pets.
